ABOUT ME

I've always been into development due to the software professionals around me. With a background in design and deep expertise in the JavaScript ecosystem, I specialize in creating intuitive, beautiful frontend experiences.

I especially like working with tight-knit startup teams where I can tackle fresh challenges and make real impact.

SKILLS

Language

Javascript - Typescript

Libraries & Frame Works

React JS - Next JS

Node JS - Express JS

WORK EXPERIENCE

Nexobe | Remote

Sep 2024 - Present

Software Engineer

Contributing to the development of SaaS tools at Nexobe using Next.js, TypeScript, and Tailwind CSS. Focused on building scalable, efficient applications that deliver seamless user experiences across our AI product suite. In connection with design team for UI decisions.

Gridship (Treply) | Remote

Dec 2023 - Oct 2024 · 11 mos

Software Engineer

Built scalable features for Treply's SMS marketing SaaS platform, covering campaigns, surveys, automations etc. Collaborated across teams to deliver a seamless, engaging user experience. Helped the company with some design decisions.

Freelance

Apr 2023 - Dec 2023 · 9 mos

Graphic Designer

As a designer, I specialized in creating impactful shirt designs, memorable logos, and clean, user-friendly web interfaces. My work combined creativity with strategic design to help clients build recognizable brands and visually engaging online experiences.

LANGUAGE
